

Survivor

Hello,

I am a disabled AF Vet and cancer survivor. Also a victim of tinnitus, this is bad combination I've been dealing with for many years. If it wouldn't have been for my interest in my art as therapy not sure where I would be now.

As complex as these symptoms are, as too is my art.

If you need to contact me about my art, my details are below. I hope you enjoy my work, and thank you in advance
